Winter 2022 | www.volunteergrandparents.ca

Program Update

Our Family Match Program is slowly growing, as we continue to accept families and new volunteers.

We hope that the New Year brings continued growth and amazing intergenerational connections.

I know that many of our School Grandparents are eager to get back into their school placements.

Our volunteers miss supporting emerging readers in the classroom setting and we are all hoping that 2023 will bring more opportunities for our volunteers.

Our Letters to Seniors Program has been extremely busy! We were able to collect 903 kind holiday cards and letters from caring volunteers in our community in November and December. We extend a big thank you to our community for making Phase 1 of our program such a success. We would especially like to thank Miss Heather, Fran, Lorna (and the children at Nestor Elementary), Harp (and friends), and Ms. Lee's Class at Aubrey Elementary for their beautiful letters and cards.

They have been delivered to our care home partners that serve seniors in our community. We thank the City of Burnaby for their financial support for this program.

May your Christmas be Merry
and Bright !

Our office will be closed from Dec.
19- Jan.2
